

Initiatives & Programmes

Work in Progress:

We're still working content for our website, and this page/section is not ready yet or has further work planned. Please feel free to contact us if you have any questions, or check back in a little while.

Being our first year of operation, we will be investing significantly in establishing the basics of a successful organisation. This includes items such as:

- Website & IT Systems
- Building our initial membership
- Recruiting an effective Board of Directors, and key staff leadership positions

Beyond core operations, for the 2010/2011 period, we are working on the following key initiatives:

Education Initiatives

- [Cassini Scientist for a Day essay competition](#)
- National Rocketry Competition

Industry & Policy

- Industry & Organisation Directory
- Catalog of current space policy and effective law
- Create a forum to foster collaboration
- Raise international investment profile

International Connections

We are hoping to send delegates to the following international conferences, with a view to establishing connections with international organisations, space agencies, industry members and other advocacy groups.

- SGAC 2010
- AIC 2010
- APRSAF-17
